ENTIRE WESTERN LINE ONE GREAT BATTLE GROUND

Artillery Action East of Soissons to Alsace-Lorraine Presages Drive

FRENCH MAY TRY TO TURN SOUTHERN END GREAT LINE

Infantry Has Had Little to Do Thus Far, East of Soissons

[ASSOCIATED PRESS TELEGRAM]

New York, April 16.—The fighting on the western front has assumed almost the proportions of a general engagement along the whole line, from the North sea to the Swiss border.

As yet the infantry has not been heavily engaged much to the north of Loos, in the Lens region, or east of the Soissons region, within which confines the battle of Arras and the struggle for St. Quentin are being waged.

The artillery duel, however, is growing in intensity in the region of Rheims, in the Champagne and down the line to Lorraine and Alsace. Raiding operations by the French in these sectors also have assumed great importance and similar significant activities are being displayed by the Belgians north of the present great battlefield.

Were attention not centered at present on the dramatic situations about Lens and St. Quentin, the fall of both being considered imminent the great artillery battle in the region between Soissons and Rheims, which has been going on for several days, doubtless would have attracted more notice. As it is, the potential importance of this duel of the big guns can not be minimized, presaging as it may, offensive movements of the infantry on a large scale.

In this connection the probability of a northward push by the French from the Rheims region to turn the left flank of the Hindenburg line, as the British have turned the right at Vimy, has come to the front while the artillery battle has been raging.

Desperate German resistance and a probable desire by the British to squeeze the Germans out of Lens rather than drive them from this coal mine and factory town by a direct bombardment and frontal attack have delayed the fall of the city.

Today's official statement from London, however, shows the British lines creeping steadily closer, notably on the northwest.

Within the towns the Germans are reported working havoc in the destruction of industrial plants and mines and feverishly removing guns and stores to follow the population in the exodus which already has been effected.

The situation around St. Quentin is little changed, but both the British and french statements reveal a situation there which is making the town untenable for the Germans. In the district to the south the French are steadily pushing forward, reporting today the capture of several points of support in the region of the Upper Coucy forest.

PUBLIC LANDS TO AID PRODUCTION OF FOOD SUPPLIES

[ASSOCIATED PRESS TELEGRAM]

Washington, April 16.—Millions of acres of unalotted public lands in the west and the idle farms of the east and south were pointed to by Secretary Lane in a statement today as places where men who do not enlist for the firing line may serve their country as effectually as they could at the front.

"Our people cannot all be fighters," the secretary said. "We must have in addition to our armies of fighters, armies of producers to sustain those who struggle, and to maintain those for whom they struggle. Men in close touch with the food supply of this country predict that if the present decrease in production keeps up for another year, we will face a serious food famine.

"Two hundred and forty million acres of unallotted land in the western states awaits the coming of the farmer and the herdsman."

MAY BE APPOINTED U. S. FOOD DICTATOR

S. Thurston Ballard.

S. Thurston Ballard, a millionaire miller of Louisville, Ky., has received notice of his appointment by the National Council of Defense as chairman of the national committee on cost of living and domestic economy. This puts him in line for the position of food dictator if the government decides to have one.

COMMITTEE PUTS O. K. ON FINANCE BILL IN SENATE

[ASSOCIATED PRESS TELEGRAM]

Washington, April 16.—The $7,000,000,000 war revenue bill which has passed the house was approved today by the senate finance committee and will be taken up in the senate tomorrow for passage.

The committee vote was unanimous and senate leaders expect to make an effort to put the bill through in one session.

Three minor changes were made in the bill as it came from the house. One in the title is to make more apparent its purpose of assisting in the prosecution of the war; another suggested by Secretary McAdoo is to permit funds raised under the measure to be deposited in banks not members of the federal reserve system and in trust companies. A third is to more clearly exempt certificates of indebtedness from taxation.

The bill passed the house late Saturday without a dissenting vote and with several minor amendments, one limiting loans to the allies to the duration of the war only. Representative London, socialist, of New York, was the only member who did not vote for the measure. He answered "present" as his name was called.

NEWARK WIRELESS STATIONS CLOSED BY BAKER'S ORDER

[ASSOCIATED PRESS TELEGRAM]

Washington, April 16.—All wireless telegraph stations not operated by the government were ordered dismantled during the war today by direction of the secretary of the navy. Failure of owners to comply will result in confiscation of equipment.

The action was taken under the executive order recently issued by President Wilson directing that the navy department take over all radio stations. The department's statement says:

"All licenses for radio stations on shore are suspended for the duration of the war. The secretary of the navy has directed that during the war all radio sending and receiving stations, other than those operated by the United States government be closed. A station is considered closed only when its antennae is lowered, coiled and sealed; ground connections broken and apparatus dismantled and packed away. It is incumbent upon the owners themselves to close their stations. Failure to close stations will result in its apparatus being confiscated by the government. The owners of a station operating in defiance of this order will be under suspicion of being an enemy alien. It is requested that full publicity be given this notice, in order that all persons may be acquainted with these requirements."

GRATIFIED WITH INDORSEMENT OF SOUTH AMERICA

Only Three Countries Have Failed to Define Their Positions

CUBA ONLY COUNTRY TO JOIN WAR DECLARATION

Moral Support of Latin-American Countries Regarded As Important

Washington, April 16.—Prompt endorsements from South America of the action of the United States in taking up Germany's challenge to war are the source of great gratification, to officials of the administration. There remained today but three countries—Ecudor, Venezuela and Colombia—which had not defined their positions, and it was believed that before the end of the week they too would respond.

With the exception of Costa Rica none of the Central American group had declared its attitude but no concern over where their sympathy will be placed has been felt at the state department.

So far Cuba is the only war spot in Latin-America, but the positions assumed by Pan-America and Costa Rica place them practically in the list of warring nations and almost no doubt remains that Brazil will be at war within a few days. The only governments that have not been frank in their endorsement of the step taken by the United States are Chile and Peru, the former confining itself to a formal declaration of neutrality and the latter to "deploring" the fact that the United States had been unable to adjust her difficulty with Germany without recourse to war.

Following is the way other Latin-American nations whose positions are defined were lined up today:

Cuba, declared war against Germany.

Panama declared her readiness to assist in any way possible in the protection of the Panama canal. .....

Costa Rica offered her ports and other territorial waters to the United States for war needs of the American navy.

Brazil relations broken with Germany.

Bolivia relations broken with Germany.

Uruguay endorsed the action of the United States and characterized Germany's submarine warfare as an "insult to humanity."

Paraguay expressed sympathy with the government of the United States "forced into war to rehabilitate the rights of neutrals."

Argentina endorsed the position of the United States as just and right.

Mexico, neutral.

The United States has looked to Latin-America for moral support more than for material assistance, but there has been no disposition to under rate the very material assistance that might be rendered if it became necessary. The total peace strength of Latin-America's armies is only 334,000 men but the potential power is several times that and reports from the South American republics have indicated that no time will be lost in raising fighting forces to their full war strength.

SOLDIERS' COUNCIL ARRESTS RUSSIAN OFFICERS IN TURKEY

Tashkent, Asiatic Russia, Sunday, April 15, via London, April 16.—General Alexi Kuropatkin governor-general of Turkistan, his assistant general Yerofeiff, and General Sivers, chief of staff, have been arrested by the council of soldiers delegates.

BERLIN'S REPORT DOESN'T MENTION BRITISH ADVANCES

Berlin, April 16, via London.—"On the northern bank of the river Scarpe," says the German official statement, "our destructive fire kept down the British attacking waves and a storming attack could not be carried out.

"Northeast of Croisselles our fire rendered abortive a strong British attack, the enemy suffering losses.

"North of the Arras-Cambrai road," the statement adds, "our thrusts drove the enemy back on Lagnicourt and Boursies. To the sanguinary losses of the Australians must be added the loss of 475 prisoners and 15 guns which have been brought in, and also 22 guns captured and rendered useless by explosion."

"Near St. Quentin," says the announcement, "the artillery fire again has increased.

"From Soissons to Rheims and in the western Champagne there was exceptionally heavy artillery fire and mine throwing.

"After the failure of enemy reconnoitering thrusts yesterday infantry fighting developed this morning over wide sectors.

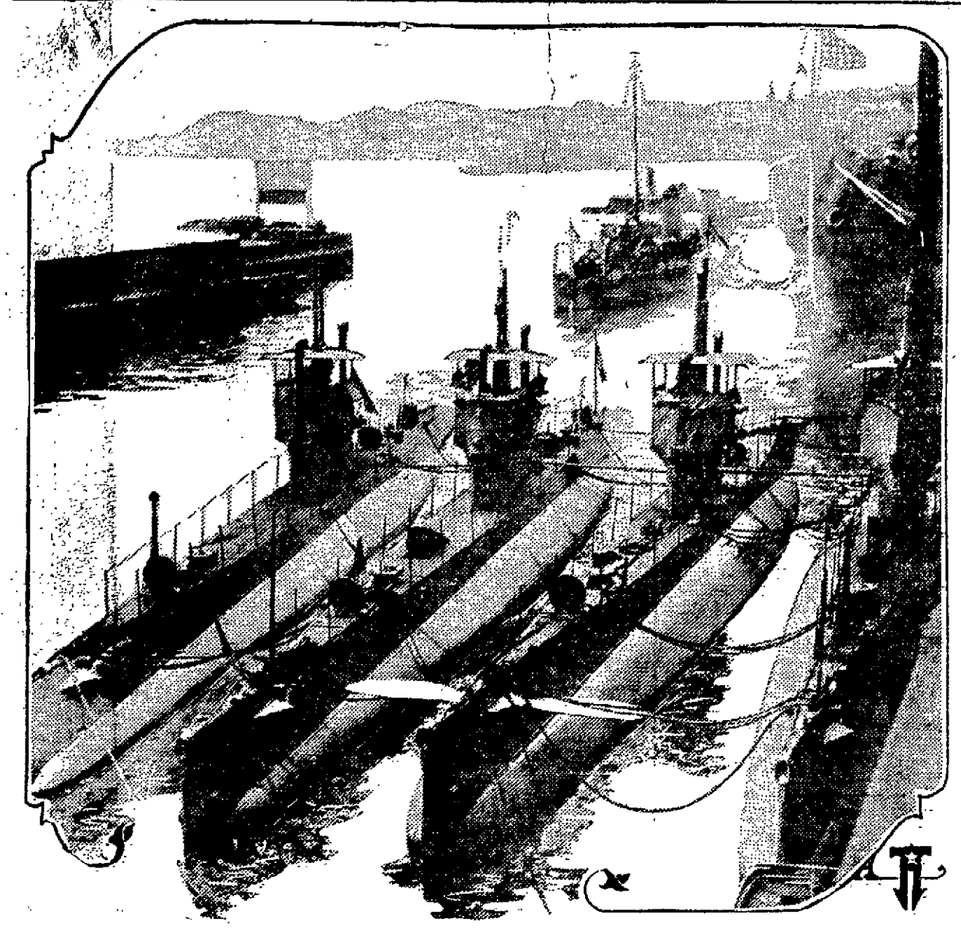

AUSTRIA SEEKING PEACE WITH RUSSIANS; AIMS OF BOTH NATIONS SAME SAYS VIENNA

[ASSOCIATED PRESS TELEGRAM]

Paris, April 16.—A semi-official statement has been issued in Vienna declaring that Austria desires peace with the Russian people and that there is no real obstacle to this aim, according to a Zurich dispatch to the Radio Agency. The dispatch quotes a statement issued by a semi-official press bureau in Vienna in which it is said that the Austro-Hungarian monarchy has taken note of the recent declaration of the Russian provisional government that it does not seek foreign territory but desires a durable peace founded on the rights of peoples to dispose of themselves. The statement says that the Austro-Hungarian government is inspired by the same desire and continues:

"Therefore, both having common ends, it is not difficult to find means of arriving at accord. This is much less difficult since his majesty the emperor of Austria and king of Hungary, in perfect union with his allied monarchs wishes to live in future peace and friendship with the Russian people."

THE FISH OF UNCLE SAM'S NAVY HAS FINS

American submarines of the K type. Left to right: K-1, K-2 and K-5.

It is not generally known that the fish of Uncle Sam's navy have fins. The photograph offers proof. The two planes, protruding from either side of the bow of the K-5 are the elevating and submerging planes. The serve the same purpose as a fish's fins.

CROWDS GROWING AT TABERNACLE; DR. BROMLEY TELLS CAPACITY HOUSE GERMANY IS FIGHTING CHRISTIANITY

Boost your own town.
These rich tightwads want Newark to grow, but yell when their pocket books are hit.
Either you or God is wrong, and God isn't.
Too many misfits in life; square pegs in round holes.
The man who says he can't be honest in business ought to be penalized for getting money under false pretenses.
There's not enough "pep" in the church today.
God's got the goods if you've got the price.
Better send a small bouquet during life than a big wreath to the funeral.

Before a record-breaking crowd at the tabernacle last night Evangelist Bromley declared that if Germany wins this war, Christian civilization will receive a great setback. "If it becomes necessary," he cried, "I myself will raise a regiment of evangelists to fight in the trenches for America." The big auditorium rocked with applause as he said it.

"I am sick and tired of Germany's bloody work," he cried. "If you don't like America go back to Germany where you belong," and the thousands present loudly testified their approval of the sentiment.

The sermon was an appeal to men and women to make the most of their lives.

"There are too many misfits," he declared, "too many people are holding positions they are totally unfitted for. This is the period of building for a young man or young woman. From time immemorial man has always striven to acquire the best in life. Men used to be satisfied with log-cabins and dugouts, but now they build themselves fine homes in order to get more luxuries. But in so doing they have lost sight of the Kingdom of God. My words to you are, "Get right with God before it's too late."

The evangelist deplored the lack of ambition manifested nowadays. "When you used to meet a boy and ask what he was going to be, he'd say, 'President of the United States.' Now you ask a boy that question and he says: "Oh, I never thought about it.' When I first started, I determined to be a top-notcher or nothing. But Jesus wants ambition consecrated to spiritual service."

The big Sunday afternoon audience of men was given a lesson in civic pride. The evangelist told them to boost Newark, and to support the agencies that are working for the promotion of the town's best interests.

"Look at Paris!" he exclaimed. "the City Beautiful of France. It took some work and pulling together to get such a city, and yet there are tightwads in Newark who talk loudly enough about Newark's welfare but who decline to dig up when it takes any cash and yell about the taxes. All beautiful things are worth while." The theme throughout the afternoon was: "get together for Newark."

The need to get in closer touch with Christ was the theme of Saturday night's sermon. If people want God's power they must be God's men and know Him better.

The attendance was larger than

GREAT OIL STEAMER TORPEDOED SAYS BRITISH OFFICER

[ASSOCIATED PRESS TELEGRAM]

New York, April 16.—The British tank steamship Naragansett, a ship of 9196 tons, and one of the largest carriers of bulk oil ever built, has been torpedoed and sunk somewhere off the Irish coast, according to word brought here today by officers on a British ship.

The Naragansett was owned by the Englo-American Oil company, represented here by E. A. Eames.

At the office of the company it was said no word of the vessel had been received although several reports that she had met with disaster had been received here from unofficial sources.

CONDENSED MILK ABSORBING SUPPLY OF RAW MATERIAL

[ASSOCIATED PRESS TELEGRAM]

Columbus, April 16.—Restraint in the purchase of canned milk as an act of patriotism will be urged in letters which will go forward this week to every manufacturer of condensed or evaporated milk in the United States. This action has been initiated by J. F. Montgomery of this city, president of the milk section of the National Canners Association.

Each manufacturer will be asked to send such a letter to the jobbers and retailers with whom he is doing business.

This action grows out of the fact that since the declaration of war, jobbers have been ordering supplies for six, nine and twelve months in advance. If this continues, manufacturers say it will force milk to an abnormal premium. Although there is an ample supply of milk, the manufacturers say the price already is higher than it should be, owing to this abnormal demand.

ARIZONA SHERIFF WILL FIRE UPON AEROPLANES

[ASSOCIATED PRESS TELEGRAM]

Tucson, Ariz., April 16.—As a consequence of reports that on several occasions airplanes have been seen flying by night over Tucson without communication from the government as to their identity Sheriff Miles of Pima county ordered that any unidentified aeroplane seen above the city be fired upon.

PRESIDENT APPEALS TO NATION FOR MAXIMUM OF PRODUCTION

[ASSOCIATED PRESS TELEGRAM]

Washington, April 16.—In a personal appeal addressed last night to his fellow countrymen, President Wilson calls upon every American citizen—man and woman and child—to join together to make the nation a unit for the preservation of its ideals and for triumph of democracy in the world war.

"The supreme test of the nation has come," says the address. "We must all speak, act and serve together."

Putting the navy on a war footing and raising a great army are the simplest parts of the great task ahead, the President declared, and he urges all the people with particular emphasis upon his words to the farmer, to concentrate their energies, practice economy, prove unselfishness and demonstrate efficiency.

The President's proclamation says that America is not fighting for a single selfish element; that the nation must devote itself to the service without regard to profit or material advantage. He urges the importance of a large fleet of merchant ships from our shipyards, that we may furnish our allies the food and munitions needed; he urges the importance of greater production by factories, shipyards, mines, and farms.

To the farmers, he says: "I take the liberty of addressing a word to the farmers. The supreme need of our own nation and those with whom we are co-operating is an abundance of supplies, particularly foodstuffs. The importance of an adequate supply of food, particularly for the present year, is superlative. Upon the farmers of the nation, therefore, rests the fate of the war. May the nation not count upon them to omit no step that will increase the production of their land or that will bring about the most effectual co-operation in the sale and distribution of their products."

The proclamation says the federal and state governments stand ready

TRAVELERS FROM GERMANY REPORT GENERAL STRIKE

[ASSOCIATED PRESS TELEGRAM]

London, April 16.—Travelers arriving in Holland from Germany, according to a dispatch from Amsterdam, to the Central News Agency, say that a general strike was commenced this mornin in Berlin and that riots have taken place in the German capital.

FRENCH GAIN IN ALSACE.

[ASSOCIATED PRESS TELEGRAM]

Paris, April 16.—The French penetrated the German second line last night at several points in Alsace. The war office reports that great numbers of German dead were found in the trenches which had been torn up by the French fire.

BRITISH UNITS ENTER LENS AND SAINT QUENTIN

Small Parties Enter Towns But Germans Still Hang On

LENS WILL BE IN RUINS WHEN IT IS CAPTURED

Ruthless Destruction Indicated By Fires and Explosions

[ASSOCIATED PRESS TELEGRAM]

London, April 16. — Although British patrols have been in the streets of Lens and General Haig's men are in the outskirts of St. Quentin, the fall of neither of these towns has as yet been officially announced.

The Germans, it is apparent, have sent in their reserves and are making a desperate defense to enable their engineers to complete the destruction of the mines and factories of Lens which might have been useful to the allies.

Despite the fact that all along the line between Lens and St. Quentin the German resistance has stiffened, General Haig reports today the capture of Villeret, which straightens his line northwest of St. Quentin, and announces further progress to the northwest of Lens. Counter attacks which the Germans have launched at Monchy and Lagnicourt suggest that the British are approaching dangerously near the new German line which, according to unofficial accounts the Germans have not had time to complete before the British offensive was launched.

ST. QUENTIN BURNING.

[ASSOCIATED PRESS TELEGRAM]

British Headquarters in France, April 16, via London.—The British continued today gradually to widen the second gap out in the Hindenburg line north of St. Quentin, having captured the position known as the Three Savages, east of Gricourt. St. Quentin continues to burn. Away to the north Lens still holds out. The Germans have several strong positions about the city to which they still cling.

The British apparently would like to take Lens without inflicting too great damage from an extensive bombardment. They have always been in a position to reduce the city to ruins but the shells have been directed against selected spots known to be used for military purposes by the Germans. Nevertheless the Germans continue their work of destroying the city by blowing up buildings.

Further details of the fighting yesterday show the desperate character of several German attacks on the allied line positions. One which was essayed from both sides of Queant and temporarily pierced British line at Lagnicourt was exceptionally bitter. It began at 4:30 o'clock Sunday morning and continued for three hours without interruption. British advanced posts were driven in but the support units joined the issue with the Germans.

Many hand-to-hand encounters followed. There was also more actually aimed rifle shooting than for many months. During this fire the Germans fell in clumps. They attempted to seek cover behind bushes and in small thickets. The British fired into these with good results. When the reserves came up at last the Germans broke into full flight.

BRYAN WILL URGE LARGER CROPS IN FUTURE SPEECHES

Washington, April 16.—President Wilson received William J. Bryan at the White House this morning. They conferred in the President's rooms before he went to his office.

Mr. Brian reiterated to the president his offer recently made by telegraph to be of any service he could to the government during the war.

After leaving the president Mr. Bryan dictated a statement declaring his intention to support the government in any war plans upon which it might decide. He declined, however, to discuss conscription specifically.

In his future speeches about the country pending a call from the government for his service, Mr. Bryan said he would lay special stress on the food situation. He is gathering data along that line for use in his addresses.

Mr. Bryan said he did not care to discuss any questions before congress. "Whatever the government does is right," he said, "and I shall support it to the uttermost. I take it for granted that the people will unitedly support any action taken by the government. In war time the president speaks for the whole country and there should be no division or dissension."

Mr. Bryan said he endorsed any plan to prohibit the use of grain for making liquor during the war.

"I am in hearty sympathy," he said, "with the effort to conserve the food supply by not allowing the bread to be shortened in supply in order to lengthen the supply of alcohol. It is not wise to starve the people in order to make them drunk."

GEIGER-JONES CO. GUILTY BUT GETS LICENSE AFTER MAY 1

[ASSOCIATED PRESS TELEGRAM]

Columbus, April 16.—Declaring that the state proved its charges against the company, but that in keeping with the spirit of the law and because of the state's desire to "deal constructively," State Bank Superintendent Borg last night announced the state of Ohio will grant the Geiger-Jones company of Canton, a license to do business in the state after May 1.

The decision to grant the Canton company's application for a license, after suspension until May 1, concludes a legal fight that began two years ago, with the passage of the present blue sky law in Ohio.

Immediately after the law was passed suit was instituted by the Geiger-Jones company to have the law declared unconstitutional. A decision by the United States supreme court, handed down recently, held the law to be constitutional, and the Geiger-Jones company then applied for a license.

Hearing on this application before the governor, Mr. Berg and the attorney-general was concluded recently. The company now is to be allowed a license after suspension until May 1, conditional on the company living up to the standards set by the state.

Superintendent Berg in announcing the decision stated that the charges against the company were proved at the hearing and that should the company relapse into "further violations" the license will be revoked.

MAYOR SITS IN PEACE CONFERENCE IN WORD WAR

Moyor R. C. Bigbee was called upon as umpire this morining to settle a dispute between two women beligerents from the East End. They became involved in a word war which led to a fistic encounter and hair-pulling, on the part of one at least, and so the victor was haled into court upon the affidavit of the Other. The mayor gave them a little fatherly talk and then assessed a nominal fine against the more warlike one, suspending same upon her promise to be more peaceful in the future.

Another warlike attitude was assumed by a Fleatown resident Saturday evening and he started out to win a battle but landed in the camp officer of the day, Robert Francis, and is now detained doing guard duty until $5 and costs have been satisfied.

A Granville denizen loaded up on fire water and started out to rout the enemy. He too was captured and warned that his demonstrations of patriotism were not exactly in the nature of the requirements of peaceful citizenship. He paid $5 and the costs in the coffers of the city treasury.

Two local drunks were assessed $5 and costs each and one was suspended to give the offender an opportunity to assist in the proper care of three sets of twins. Mayor Bigbee made that notation on the margin of the arrest record after learning that the defendant was very much a man of family.

Two visiting recruits, one from Lorain and the other from Newcomerstown were each fined $5 and the costs for drunkeness which were paid. They were young men of 22 and 28 years and the former had $5 in his possession and the latter 20.67.

NEWARK WILL AID TINKER DAY CELEBATION TUESDAY

Cars will leave Chamber of Commerce headquarters at 10 o'clock tomorrow morning bearing delegations from the Rotary and Automobile Clubs and the Chamber of Commerce of Columbus to participate in the "Joe Tinker Day" demonstration which marks the opening Ball Game of the season in the American Association. The Rotary Club will be guests at a luncheon in the Athletic club given by the Columbus Rotary Club.

The Columbus Chamber of Commerce will entertain delegations from various organizations of neighboring cities at a luncheon in the Elk's Club. The parade preceding the game will be an elaborate one and the Newark automobiles will be handsomely decorated and help advertise Newark.

SERENADING KNIGHTS.

"Beauty's Eyes," considered by many the most beautiful of Tosti's songs of sentiment, has been recorded for Columbia by the Columbia Stellar Quartette.

No greater tribute could be paid the late composer than the sympathetic treatment accorded his exotic love song by the individual members of the quartette. Serenading knights in the days of medieval chivalry, accompanied by no melody save the beating of ardent hearts, could not have sung their love lays with more feeling. The final words—"For the kingdom of my heart, love, lies within thy loving arms"—are a triumph of artistic parasing.

Smart button shoes of regulation height are displayed alongside the still popular lace boot of extreme ankle height.

EVENTS IN RUSSIA DONT CHANGE AIM OF HUNGARY'S KING

[By CHARLES PRESS TELEGRAM]

Amsterdam, April 16, via. London.—Count Tisza of Hungary, is quoted in a Budapest dispatch as having said in the house of magnate:

"As regards the question of the United States we have had occasion to express our point of view. Since, as I have previously pointed out, the United States, to our regret declared itself in a state of war with Germany the logical conclusion necessarily had to be drawn. That is a process and concrete fact having no need for explanation. I should make a mistake if I added any explanation."

Premier Tisza's statement was made in reply to an interpellation by Count Anton Steray. Speaking of Russia the premier said:

"The situation is very clear. No one thinks of following in the steps in the internal affairs of the Russian state. Events which have taken place in Russia have changed in no way our interpretation of the aims of the monarch and the nation in this war. I think that it now by any push statement I were to repeat the completely clear declaration already made by the allied (Central) powers, I should not be strengthening our position but only weakening it and I should not be favoring the cause of peace which we all have before our eyes, but on the contrary should perhaps compromise it. Consequently I beg the house to content itself with this statement."

GOVERNOR COX URGES USE GRAIN FOR FOOD INSTEAD OF LIQUORS

Philadelphia, Penn., April 16.—In response to an inquiry sent by a Philadelphia newspaper to Governors of every state in the Union, Governor Cox of Ohio, sends his unqualified indorsement of the movement to turn grain into food instead of strong drink. His telegram reads as follows:

"To the editor:

"You inquire whether I am in favor during the war, of turning the grain now used for making liquor, into food for the family. My reply, without reservation, is yes.

James M. Cox."

The new governor of Florida stood for an inaugural ball, but refused to attend because he is opposed to dancing.

KENYON STUDENTS JOIN.

Gambier, April 16. Seven Kenyon College students left Saturday for Portsmouth, N. H., where they will operate one of the small motor scout boats of the mosquito fleet under the command of an ensign.

The faculty of the school will grant the men full semester credits and will graduate the two seniors of the crew, E. C. Welch of Athens and Charles D. Williams, jr., son of Joshua Williams of Detroit.

Plans are being made at the college for the recruiting of one and perhaps the Portsmouth training station soon.

C. OF C. DIRECTORS TO CLOSE YEAR'S BUSINESS

The Board of Directors of the Chamber of Commerce will meet this evening and close up the affairs of the organization for the fiscal year which ended April 15. W. T. Suter, J. S. Herzog and Cliff Fize have been named as an auditing committee to go over the books and the financial report which will be prepared by J. N. Pugh, the treasurer. Belated members should get in their dues at once if they desire their names inserted in the Blue Book. Checks for a new year, 1917-1918 are coming in rapidly and the new membership cards are being mailed as receipts.

FUTURE GENERATIONS SHOULD FINANCE WAR

Washington, April 16.—Senator Harding is unalterably opposed to the application of the "pay-as-you-enter" plan to the participation of the United States in the European war.

"It would be perfectly silly," said Senator Harding, "to try to finance our war with Germany on the principle of paying as we go. No war has ever been financed in that way and none ever will be. We are waging a war the effects of which will be beneficial to our people for 50 years, if not for all time, and there is no reason whatever why the entire cost should be saddled on the present generation."

Senator Harding proposes to resist what he calls the mistaken notion that this should be a "cash" war or a war so nearly on a cash basis that the entire burden should fall on those of the present generation.

TURKEY INTERNS U. S. GUNBOAT IN TURKISH WATERS

[ASSOCIATED PRESS TELEGRAM]

London, April 16.—An official statement issued by the Turkish war office says that the American gunboat Scorpion has been interened.

ACTION WAS EXPECTED.

[ASSOCIATED PRESS TELEGRAM]

Washington, April 16.—The internment of the Scorpion has been expected here for some time and is perfectly in accord with the rule, necessitating such action for a belligerent war vessel not leaving port within a prescribed time.

About two weeks ago the navy department through the state department called Ambassador Elkus suggesting that the Scorpion leave Turkish waters for the Black sea. Turkey objected to this on the ground that that sea was practically dominated by Russia, an enemy of Turkey's ally, Germany. Departure through the dardanelles was thought impossible and as a result part of the crew went through Austria into Switzerland before the break with the former country.

FRANK ROCKEFELLER DEAD.

Cleveland, April 16.—Frank Rockfeller, 72, youngest brother of John D. Rockefeller died yesterday in his apartments in a local hotel from a stroke of paralysis and a blood clot on the brain as a result of a relapse he sustained following an intestinal operation a month ago.

He became seriously ill on Monday last and had been unconscious since Friday. He is survived by a widow and three daughters. The funeral will be held here on Tuesday.

APPROVED IN LONDON.

[ASSOCIATED PPESS TELEGRAM]

London, April 16.—President Wilson's appeal to the American people is given great prominence in the evening papers which print the proclamation textually.

"It goes straight to the heart of the great war problem," says the West Minster Gazette, "and will be read with great appreciation by the allied nations.

"No message addressed by their governments to any of the countries at war," adds the newspaper, "has better combined an appeal to the part with shrewd, practical counsel and shown a keener eye to the fundamentals of the situation."

WILL ATTEND FUNERAL.

[ASSOCIATED PRESS TELEGRAM]

New York, April 16.—John D Rockefeller planned to leave New York today for Cleveland to attend the funeral of his brother, Frank Rockefeller, who died there yesterday, unreconciled after a quarrel the two had some years ago.

FARMERS EXCUSED FROM JURY SERVICE TO HURRY PLANTING

After Judge T. B. Fulton had convened court this morning, number of jurors who are farmers asked the court to excuse them, stating that it was impossible to get help on the farm and that they were needed at home to look after the crops and the preparing of the soil. Judge Fulton replied that he did not wish to work a hardship upon any of them and he recognized the necessity, more at this time than any other, of taking care of farm work, and he ordered the clerk to summon a special venire of seven jurors and the following were selected from the wheel and called in to court to serve in places of those who will be excused: A. L. Garber, H. D. Doane, John F. Swisher, J. C. Kreig, G. E. Smucker and Burbon Miller of this city and W. H. Litten of Granville.

Divorce Granted.

In the case of Jennie L. Carson vs. James L. Carson, the court today granted a decree of divorce to plaintiff. The defendant was ordered to pay $20 per month alimony for three years.

Case Dismissed.

In the case of Charles O. Warner vs. Lewis J. Bolton, a suit for damages caused by plaintiff being run into by a hack belonging to defendant several years ago, a judgment of dismissal was entered at defendant's costs.

Dropped From Assignment.

Ray V. Cochran vs. A. W. Beard, called this morning, announcement was made that a material witness for the defense would be married tomorrow. On motion the case was dropped from the assignment.

Jury Assignment.

For Tuesday the cases of John Aller vs. David Powers, The Citizens Bank vs. The Brown Realty Company and Iva Swiggert vs. Jerome Simpson will be hear. The last mentioned case is a suit brought to sell real estate to pay debts. The real estate has been sold.

Will Plead Thursday.

The persons indicted by the last grand jury will plead in the court of common pleas next Thursday morning.

Case Submitted.

The case of Benjamin F. Lampton vs. The Board of County Commissioners was argued and submitted to the court. Plaintiff sues to enjoin the opening up of a proposed public road through his land.

Common Pleas Court.

In the case of John B. Hodges vs. Frank E. Gallogly, the decision of a case now pending in the Supreme Court will determine the issues in this case. Awaiting a decision of the Supreme Court, the Gallogly case was continued.

The State of Ohio, ex rel., Felix L. Claypool vs. Board of County Commissioners: A suit asking for a peremptory writ of mandamas: A pleading will be filed in the case this week it was stated by counsel for defendants.

Allen B. Creighton vs. David H. Miller. Creighton, it was reported to the court, has left Licking County, and gone to the West. A motion to give security for costs has been filed. Security ordered to be given by April 25th, or cause will be dismissed. The case is in the present assignment.

Kawneer Mfg. Co., vs. James W. Rutledge: Plaintiff is a foreign corporation. Security for costs ordered given in thirty, or case will be dismissed.

Thomas Manufacturing Co., vs. Edwin McFadden: Defendant being in default for answer, a judgment was entered by the court in favor of the plaintiff. The suit was brought to recover upon a promissory note, and was appealed from the docket of a Justice of the Peace.

Chas. W. Orr, et al., vs David Powers: Leave given defendant to plead in 10 days.

Rillie Broome vs. Wm. H. Broome, leave given to make the Licking County Building and Savings Co., a party defendant, with leave to plead in five days. A suit in partition.

Gorley vs. Gerely, assigned for Monday next, to determine proper distribution of money arising from sale of real estate, sold in partition proceedings.

John Dean vs. Dill E. Hankinson, et al., judgment of Justice set aside.

Ida B. Means vs Phil. Vogelmier, demurrer to petition sustained.

Ethel Metzenbaugh vs. Charles L. Flory, Admr. Motion sustained.

Divorce Petition.

William Smith has filed a petition in common pleas court against Nora Smith. They were married March 14, 1908, and are the parents of a son aged eight years. Plaintiff alleges in his petition that the defendant has been guilty of neglect of duty and of cruelty, in that she refused to do her household duties and called him vile names. He asks for a divorce and the care, custody and control of the minor child.

Marriage Licenses.

Guy Haynes, a farmer of Outville, O., and Miss Carrie Slocum of Kirkersville, O. Rev. C. H. Stull to officiate.

Jesse R. Gaunit, a glass worker, and Miss Jane E. McCoy, both of Utica, O. Rev. Edgar Wilson to officiate.

Amusements

AUDITORIUM.

Manager Fenberg of the Auditorium promises his picture patrons some great features for the next few months among them being "Purity," with Audrey Munson, next Thursday, Friday and Saturday. Geo. Walsh in "High Finance" next Sunday. The "Seven Deadly Sins," a series of five-reel features will be seen each week commencing next week with Ann Murdock in "Envy." Robert Warwick in "The Argyle Case." Henry Waltham in "The Truant Soul." Kitty Gordon in "Vera." Clara Kimball Young in "The Price She Paid." Geo. M. Cohan in "Broadway Jones." Fatty Arbuckle in "The Butcher Boy." Mary Pickford in "The Poor Little Rich Girl." Douglas Fairbanks in "In Again, Out Again." Nothing but the best in filmdom will be seen at his house.

"Tango Queens."

There still remain several wheel shows before the season ends and the "Tango Queens" at the Auditorium today is one of them. This company at Columbus last week established a record for business, and press and public spoke in the highest of praise of the company, production, etc. The seat sale for this evening is up to the usual and no doubt a large crowd will be on hand to greet the company.

Many new and novel features have been added to the "Tango Queens" this season, all of which go to keep this attraction up to its standard mark.

New scenery, new music, and new electrical effects have been added, while the management has been careful in selecting the cast, which includes Harry Harvey, a clever German and Hebrew comedian; Robert Wilson, Milt. Frankford, Eva Lappin, a second Fanny Brice, Ethel Green, Mlle. Beatrice and Dolly Wilson. The illuminated runway is a great feature with this attraction and should prove a big winner with Newark wheel fans.

"Patria."

Mrs. Vernon Castle, star of International's new photoplay serial "Patria," showing on Pathe's program at the Auditorium theater, expresses herself strongly against the practice frequently indulged in of employing substitutes for the difficult and dangerous feats film stars are frequently called upon to perform. In the third episode of "Patria," to be shown tomorrow, Mrs. Castle in the title role, dives headlong from the deck of an ocean steamer, 30 feet, into the sea and swims to a drifting launch, in which she escapes her foes.

The third episode of "Patria" will be seen at the Auditorium tomorrow and Wednesday together with the Metro wonderplay, "The End of the Tour," with stirring actor, Lionel Barrymore, and a cleverly selected Metro cast. "The End of the Tour" tells of a barnstorming theatrical company getting stranded in a Texas town. The leading man has enough money for three tickets to Chicago and these he buys for the women of the company. Then he makes his living in the town by coaching the play to be given by the fire company. The leading amateur player is anxious to enter upon a professional career on the stage, but Bennett — Lionel Barrymore — dissuades her. The girl's father has a strong dislike for all play-actors, for it was a play-actor who went away with the wife the colonel abused so. The grouchy Jessup — Frank Currier — learns that his daughter is not spending the night with her girl friend as she told him she would, and, armed with a revolver, he sets out to find her. Jessup sees his daughter fainting in the arms of Bennet and he immediately shoots the actor. But learns that Bennett protected Grace from a villain and he also discovers that the actor is his own son, the boy taken away from the wife who deserted the unbearably strenuous Jessup. The story is a most interesting one and is sure to please all.

"Purity."

The studio scen in "Purity" the great seven act art feature drama at the Auditorium theater next Thursday, Friday and Saturday was patterned after that of Prince Eugen, the great Russian painter, whose works of art decorate the royal palace in Stockholm, Sweden.

The setting for this scene is one of the masterpieces of the work of Edward Langley, special technical director engaged for the filming of this production. Mr. Langley is world famous for his authoritative knowledge of interiors and architecture.

LYRIC.

Ed. Andrews' "Girls of All Nations," a musical tabloid organization that has received many favorable mentions in other cities, comes to the Lyric theater Monday for a week's engagement. The opening play is the "White Light Cafe," a tabloid version that contains many popular songs, dances and comedy that is given by a company that is said to compare favorably with others much larger in size. The company carries its own special scenery and numerous lighting effects which are said to aid materially in introducing various novelties.

GRAND.

Evart Overton plays the role of Anita Stewart's leading man in the Vitagraph Blue Ribbon feature, "The Glory of Yolanda," which is the headliner on an all-star bill at the Grand theater tonight. In this production which was directed by Marguerite Bertsch, Miss Stewart and Mr. Overton form a most attractive combination.

ALHAMBRA.

Tonight and Tomorrow.

The skeptics who do not believe in the reality of the candy shop scenes in "The Spirit of Romance," in which the charming Pallas-Paramount star, Vivian Martin, will be seen at the Alhambra tonight and tomorrow have only to go into a certain Los Angeles confectionery to hear the true story.

In the picture Miss Martin suddenly becomes an heiress, and with her newly acquired wealth takes all the kids in the neighborhood to have all the candy they want. To secure these scenes director E. Mason Hopper approached a confectionery store opposite the school and secured permission to take the scenes, offering to pay for all the candy consumed. The camera was concealed behind a screen and the children were notified that free sweets awaited them.

ESTABLISHED IN 1820.

BUILDING REPUTATION.

The essential element in making a success in the selling of retail merchandise is building up a reputation. There are some merchants who try to build up this intangible factor of reputation by sitting down and waiting for trade to come to them. It was the old style way of doing things, and possibly good enough for their grandfathers. But people are not making money on that basis today.

A man who is very faithful and honest in his business may get a certain limited reputation for reliability. But even at that if he never pushes out for new business, the public impression will be that he is deathly slow. That is almost more of a hoodoo than a reputation for downright trickiness.

Even if after many years he does get a certain limited reputation, he has to wait long and tedious years for it, and be satisfied during the waiting time with very meagre returns.

The cheapest and quickest way to build up a reputation is by means of newspaper advertising. An intelligent expense for advertising for six months will go a long way toward putting a hitherto unknown merchant on the map. People will be curious to see what his store will look like, then they will be personally interested to test out some of his offerings.

Life is short and time is money. The man who doesn't advertise may have saved a small item, just as he can always save a small item by turning some clerk out of his sales force. But he has postponed the day when his store will become well known, and will acquire a reputation for business enterprise. While he is sitting still in a penny wise and pound foolish way, his active competitor has got busy and is gathering in the business.

ADVERTISING.

The best way for a business man to get ahead is to study the methods of successful merchants in other places. If he will do that, the first thing that will strike his attention is that the leading merchants are advertising as never before.

It would do some retail dealers good to run around the country a little, buy the newspapers of every town they go into, and then see how modern advertising is spreading out. Let them go up and down the street of almost any town and note the stores that look aggressive and busy. Then let them take that list and compare it with the list of advertisers in the local newspapes of the town, and they will find the two are nearly identical.

Progressive merchants are spending sums for advertising today that would make their fathers open their eyes. They have tried it in their experience, working up by degrees from small spaces to larger ones. You find very few men who after advertising liberally ever give it up. The non-advertisers are the timid, who never dared to try it out in any consistent way.

GIFT OF SILENCE.

The very greatest emphasis is placed on the teaching of speech. Our schools spend their millions to teach young people how to talk intelligently and effectively. Ability to express oneself is considered one of the greatest arts of life. And yet there are many people who know how to express themselves far too well, and whose principal need is to learn to keep their mouths shut.

For instance a friend who had a trained nurse in his family was telling about her peculiarities. She was wonderfully skilled in her profession, watchful, indefatigible, and energetic. Yet she wearied the patients during their convalescence and exhausted the family by her endless accounts of her own experiences and her personal views about life.

The practical result was that she was working for some $6 to $8 less than equally well trained nurses were getting. Her glib habits of speech were costing her just about a dollar a day. Perhaps it was worth that to her to be able to talk all she wanted to, yet one doubts it.

Business offices and workshops are full of just such cases. There are fellows whose power of speech is perfectly irrespressible. You simply can't shut them up. They are so friendly and helpful in many ways that you can't seem to get along without them. At the same time they distract the attention of their fellow workmen, and are so much absorbed in self expression as to reduce their output of work. The practical result in their case is that they finally lose positions or are kept along at reduced salaries.

Business offices and workshops are what their name applies, and are not social centers. People with conversational gifts can find plenty of outlet for the same in club and society life. They need to cultivate that subtile sense of their surroundings that will teach them when to speak and when to keep silence.

Daily History Class—April 16.

1814—Eugene Beauharnais, viceroy of Napoleon, signed a convention with the allies.

1862—France declared war against Mexico. Being engaged in domestic war the United States could not strongly protest, but Napoleon III. was advised that the proceedings might lead to a rupture.

1915—German aviators dropped bombs near London in daylight. French airships bombarded Strassburg.

ASTRONOMICAL EVENTS.

The Sickle in meridian south from zenith in the evening. Sun on the meridian of Washington at 59 minutes 50 seconds after 11 o'clock.

The parade led by the gallant Old Guard, drum corps and Buckeye Band followed by hundreds of men, every one of whom carried or wore an American flag was an inspiring sight Sunday afternoon marching around the public square and on to the American Bottle company's factory where Old Glory was raised with a patriotic program of speech and song.

City plowing is on. Lots that heretofore have known only grass and weeds will this season be made to produce potatoes and all sorts of garden truck. Spring gardening promises to be the popular out door sport in Newark this season.

The pork barrel statesmen, hearing about that $6,750,000,000 appropriation, fervently join in the singing of that good old hymn, "There shall be showers of blessing, let some droppings fall on me."

The Cleveland Plain Dealer points out the fact that patriotism like charity may begin at home. Plant a war garden in the back yard, the side yard or the front yard.

The Eddystone munition plant explosion was another of those accidental and providential occurrences that come off strictly on time as planned.

The British seem to have neglected to give their usual 30 days notice with citations in the county papers before starting their spring offensive.

Fifty-six years ago last Thursday Fort Sumpter was fired upon. The gun was fired in 1861 and we are still hearing the report.

Gentle spring paid us another little call Sunday afternoon. Perhaps after while she will come to make us a real visit.

The more high handed Germany claims the seizure of her interned ships was, the more she probably respects us.

AID TO RUSSIA.

(Philadelphia Record.)

Clearly our first work in the elimination of autocracy, as the essential to a world of peace and progress, is to aid Russia. The Provisional Government has not had time to become firmly established and there are political and military reasons why the German Imperial Government will make desperate efforts to crush the Russian army, or to arouse insurrections, or to bribe civil and military leaders, with a view to overcoming the Russian armies or breaking the power of the Provisional Government.

The military reason is that Russia is less formidable than England and France, and there is more hope of disabling it. At present the English and French armies are keeping von Hindenburg fully occupied. If he can get a respite from them he will turn his attention to the east.

The political reason is that a free Russia means the end of the German autocracy. It might not necessarily mean the overthrow of the Hohenzollern dynasty, but that would be a very possible result. It is of the utmost importance to the Hohenzollerns to put free Russia out of action.

The greatest help we can give to free Russia is also the easiest aid for us to render. It is money. Russia has an inexhaustible supply of men, but its resources in money and capital are relatively limited. It has been dependent on this country and Japan for munitions, and on Great Britain for money. Taxation cannot be carried any further, and the credit of Russia in private money markets is not the highest. Money from the greatest Republics to the very newest of free Governments will do more than anything else at present to defeat the purposes of the Emperor of Germany to paralyze and if possible to overthrow the Provisional Government.

And there is nothing we can supply so readily. The money masters of the country have no doubt about the instant success of a bond issue of five billions of which three would be for our allies, and half of this might well be advanced to Russia to keep the armies of freedom in the field and supplied with all the munitions they can use. The buyers of the bonds would get 3½ per cent., and the United States would be the security. No one questions the ability of our Government to pay the interest and sink the bonds of a far greater loan than that, issued in installments.

With money in its chest the Provisional Government can not only keep its army supplied, but it can meet the sinister efforts of the German Government to cultivate discontent and disorder in the country. The United States, which first demonstrated the practicability of government of the people and by the people for the people, must finance the people of Russia who have thrown off czarism and are menaced by kaiserism.

GERMANY'S WORST BLUNDER.

(New York Evening Post.)

Brazil's break with Germany means another big debt item on the German balance-sheet. The submarine investment is rapidly proving a losing enterprise. It has brought the United States into the war against Germany. It has caused Brazil to break off relation, with a declaration of war probably to follow, while other South American Republic are intensified in their opposition to Germany. All the while, the main object professed—that of starving England into surrender after six weeks or two months of sinking everything in sight—is seen to be less and less attainable. After two months and a half, England is fighting with more energy than ever, and her carriers of food and munitions ply the seas. All told, a sober stock-taking by the German authorities would show them that, of all their blunders since August 1, 1914 the ruthless use of submarines was the worst. Even the afterthought argument that, at any rate, German tonnage would be ready for instant and advantageous use after the war is made to appear hollow by the taking possession of German ships all over the world. As private property they will of course be paid for, some day, but Germany will be deprived of their use. Only last week a German technical publication admitted that if the submarine campaign failed, Germany was "lost." It has already failed. And Germans see nation after nation arraying itself against them. Even German pride and unyielding devotion to the Fatherland cannot forever be blind to the mounting proof that Germany cannot hope to win.

Spirit of the Press

Newark Has Some Too.

Hogs, we read, are quoted at $15.80 on the local market, and hard to get. And yet there are a few in this town we would like to give away.—Arkansas City, Kan., News.

A Problem for Germans.

Whether Germans are aware of it or not, they are themselves the saddest sort of victims of the German national policy. To liberate Germans from German misrule would be possible only if Germans themselves would co-operate. We cannot attempt it otherwise. The American German who seeks to protect the German nation in this crisis is the worst possible enemy of the German people—and perhaps their only enemy. Russians have shown how to meet Russian misrule; if Germans will similarly rise against German misrule they will find the whole world suddenly become their friends. But if they will not thus solve the problem for themselves, it cannot be done by other nations.—The Living Church.

Many May Serve.

A man who offers himself for service in our Army or our Navy, or for that matter, is drafted into one or the other branches of our national services, is still obligated, before he can be entered, to attain that physical standard which is arbitrarily demanded by the rules and regulations of the service. The point where the system is weakest is in the fact that existing regulations make no provisions for grading the applicants for enlistment according to their physical abilities. The experience of the allied nations has proved the fallacy of this ancient fetish of military red tape.—Baltimore Star.

Trade During the War.

An act prohibiting trade with the enemy will doubtless be passed by Congress, and this will regulate the actions of American citizens and persons in this country. Probably Germany will enforce a similar rule. Private contracts, partnerships, debts and all pending commercial transactions are likely to be affected.—Washington Post.

The Enemy Alien.

Citizen and enemy alien alike will do well to read the admonition of the official message carefully, the citizen that he may understand the breadth of the privilege which is conferred upon the law-abiding alien, who is not to be held responsible for the acts committed by the government which he left behind him and over which he never had a semblance of control, and the alien that he may understand the limitations now placed upon his words and acts, and may realize that they are imposed in good faith and without prejudice.—Philadelphia Bulletin.

The Blow That Will Tell.

We shall fight with dollars, of course. We may send more men across the water, but not this year, in all probability. Our major fleet will not be called into immediate action. But what we must do at once is to take steps to produce plenty of supplies for our allies and see that those supplies reach them. Not a man should be taken into the war from the ranks of agriculture. On the contrary provision should be made to stimulate production by sending help to the farms. The belligerents have taken millions of men from husbandry and put them in the trenches and this scarcity of labor has resulted in a dearth of food supplies.—Buffalo Commercial.

The stuff merely is mush;
You were hasty, man, not the dessert.

Signs.

We were walking out Main street past the "Old Home" Building Association when I inquired.

"Do you believe in signs?"

"Well, yes," my friend replied, "some signs. For instance I believe implicitly in that one,"—pointing to one which read, 'Ladies' and Gents' Cleaning and Pressing.' "I believe in it because I have known many gents so obviously in need of cleaning! And as for the ladies—how delightful to be connected with the pressing department of this establishment!"

Our Tax Return.

One thing that seriously reduces the citizen's efficiency, if any, is the necessity of filling out so many apparently hopelessly complicated tax blanks that he has little time left for his regular work.—Ohio State Journal.

It helped some, though, when we read the paragraph stating that we were to "give amounts in dollars only and make all items end in 0", but it embarrassed us very much to have to admit that we were forced also to make a good many of them begin with nothing.

Did You Know

That a gray, lowering sunset, or one where the sky is green or yellowish-green, indicates rain? A red sunrise, with clouds lowering later in the morning, also indicates rain. Sun dogs, or halos, about the sun or moon after fine weather, indicate a storm. A morning rainbow is regarded as a sign of rain; an evening rainbow, of fair weather. A deep-blue color of the sky, even when seen through clouds, indicates fair weather. A morning fog usually breaks away before noon. Unusual clearness of the atmosphere, unusual brightness or twinkling of the stars, indicates rain. The first frost and last frost are usually preceded by a temperature very much above the mean.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark-brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

COUNCILMEN URGE PROMPT OPENING OF ALL MEETINGS

A number of councilmen met in the office of Clerk J. S. Woodward this morning and entered a protest against the custom of calling the council meeting for 7:30 o'clock and getting started for business anywhere between eight and ten. One city father was in favor of calling the meeting on time and if there was no quorum present adjourning at once. It is probable that the meetings in the future will be started on time. There is nothing of special nature to be introduced at the council meeting tonight. The ordinance to vacate certain streets and alleys in order to eliminate grade grossings will have its second reading. Several resolutions regarding civic improvements will also be intro'uced.

NEWARK WOMEN TAKE PART IN MISSIONARY JUBILEE

The Women's Foreign Missionary societies of the M. E. church are celebrating a jubilee period of five years. The conclusion of that time will mark the half century since the organization of the society.

To honor the occasion there will be a meeting of the Zanesville district at the Grace church in Zanesville Tuesday beginning with a worker's conference at 2:30 p. m., followed at 5 o'clock by a fellowship luncheon. Marietta and Portsmouth districts will join in the celebration and a number of the Newark members of the society will attend.

MASTER'S DEGREE WILL BE CONFERRED FRIDAY NIGHT

Friday evening Newark Lodge No. 97, F. and A. M., at the annual inspection will confer the Master's Degree in ancient form. Newark Lodge conferred the work in this manner last year and made a great hit in Masonic circles. The work this year will greatly eclipse anything heretofore seen in Licking county. Masons of Newark and vicinity are invited.

MRS. ELIZABETH BURNER 94 YEARS OLD IS DEAD

[Special to The Advocate]

Homer, O., April 16.—Mrs. Elizabeth Burner, aged 94 years, one of the oldest and best known residents of this village, died at her home at 9 o'clock Sunday evening. She has been in failing health for several years and was cared for by her daughter, Miss Hattie Burner. The funeral services will be held on Wednesday at the M. E. church and burial will be made in the Homer cemetery.

Readers' Viewpoint

Editor Advocate:

I desire to say in regard to the Rumanian flag being brought out yesterday to be carried in the flag raising parade of the American Bottle company that orders had been given that only the American flag would be permitted to be carried in the parade although the lodge of the Rumanian society would be permitted. Unfortunately some members of the organization thought that as many of the Rumanians were not naturalized and Rumania and the United States were aligned together against Germany that it would be proper to carry the Rumanian flag also, and hence came to the square with the flag. Upon arriving there with it they were informed that it could not be carried in the parade and hence some would not go into line. It is a matter of regret that the misunderstanding took place, but it was not the fault of the committee that the flag was brought out at all.

We know as well as any other class of citizens where our duties belong. We will work for our country in time of peace and fight for it in time of war. When I say our country I mean of course, our adopted country, the United States of America. After passing through the crucible of naturalization, we are no longer Rumanians. We are Americans. We are American from the moment we touch the American shore until we are laid in American graves. We will fight for America whenever necessary. America, first, last and all the time. America against Germany, America against the world. America right or wrong; always America.

We are Americans.

John Cicur, Committeeman.

NAVY OFFICERS WILL TELL EXPERIENCES AT PATRIOTIC RALLY

Much enthusiasm is being manifested in the preparations for the big patriotic rally on the public square this evening. The meeting was planned by the Sons of Veterans, in an effort to boost enlistment in the U. S. Navy, aiding the recruiting party which has headquarters in the Memorial Building.

A number of interesting addresses will be given, among them being one on "Life in the Navy" by R. A. Maahs, member of the recruiting party, and an officer in the U. S. Navy. Mr. Maahs has had some remarkable experiences and his talk will be of great interest. Attorney Charles W. Montgomery will be one of the speakers, taking for his subject "A Young Man's Duty."

The recruiting party will remain in the city until Tuesday evening, and while the enlistment has been good, it is hoped to boost it considerably.

The allied patriotic societies of the city will form in line to attend the meeting. The Old Guard will attend in full uniform and the drum corps will furnish the music.

The addresses will be given from the north steps of the court house, and an appeal is made to every patriotic citizen to be in attendance.

DRIVE RHEUMATISM OUT OF YOUR SYSTEM

No matter how long or severely you have suffered with rheumatism—whether your trouble is gout, lumbago, stiff, sore, swollen joints, aching muscles or any other form of rheumatism—you can get welcome relief by taking Dr. Whitehall's Rheumatic Remedy.

This great remedy goes right to the source of your trouble and removes the cause. It stops the ache, eases the pain and takes swelling and stiffness out of joints and muscles because it dissolves the uric acid and other deposits faster than they accumulate, and at the same time fortifies the system against further attack.

Dr. Whitehall's Rheumatic Remedy acts as a health builder. Its record of results covers a period of many years and has permanently benefited thousands of rheumatic sufferers. This remedy can be had at any drug store for only 50c a package, and every person afflicted with rheumatism in any form will soon be rid of his trouble by taking a short course of this treatment.

It's a poor rule that won't work both ways. In times of war prepare for peace.

C., Mrs. Robert V. Fleming of Washington, Dr. Lewis Mitchell, Mr. Duane Fulton of Columbus and Mr. Max Norpell.

Mr. Howard H. Upson is entertaining with a stag dinner party at Moundbuilders' Country club this evening.

Mr. and Mrs. Edwin E. Besuden are entertaining a number of out of town guests at their home in Hudson avenue, who have come to attend the wedding of Miss Juliet Besuden and Mr. Howard H. Upson, which will be solemnized at the Besuden home Tuesday evening.

The guests are Mrs. D. T. Wright, wife of Judge D. T. Wright of Washington, Mrs. Harry Kite, and Mrs. Robert V. Fleming of Washington, Mrs. Harry Coburn of Boston, Mass., Miss Clara Besuden and Mr. Rogers Wright of Cincinnati.

Wiley—Stortz.

On Saturday evening at 7 o'clock, Rev. L. C. Sparks, pastor of the First M. E. church solemnized the marriage of Miss Amy Stortz and Mr. George W. Wiley. The ceremony was witnessed by W. J. Wiley, J. L. Worth and Mrs. Gertrude Berling. Mr. and Mrs. Wiley will reside in Newark, the bridegroom being bookkeeper for the Midland Insurance company.

Mr. and Mrs. C. A. Body delightfully entertained a few guests at their apartments in the Avalon on Friday evening, honoring Mrs. Body's mother, Mrs. N. T. Conner of New Concord, O. The rooms were decorated with "Old Glory."

The following guests were present: Mr. and Mrs. A. S. Russell and son Ralph, Mr. and Mrs. George A. Weakley, Mr. Alva Russell, Miss Hazel Smailes, Mrs. N. T. Conner. Music was the chief amusement of the evening. Dainty refreshments were served at the close of the evening.

The annual president's day was observed by the Research club on Saturday afternon when the members were entertained at the home of Mrs. R. F. Kilpatrick in North Fifth street.

The Kilpatrick home was prettily arranged for the occasion and two interesting contests were enjoyed. In the word contest the souvenir was awarded to Miss Cora Haughey, while the souvenir for dressing dolls was received by Miss Mary Smucker.

The club banquet of delightful appointments and delicious menu was served, with Miss Amelia Owen presiding as toastmistress. "Our President" was the first toast which was responded to by Miss Grace Dicken. Mrs. M. L. Wilson talked on "Our Past Presidents." The toast, "Our Future Presidents" was responded to by Miss May Van Horn.

After the banquet the following program was given:

Reading, "The Legend Beautiful"—Mrs. Wilson Hawkins.

Whistling solo, "The Swallow"—Mrs. E. S. Randolph, accompanied by Miss Junia Sells.

Piano Solo—Miss Junia Sells.

Mrs. E. S. Randolph was the retiring president and following the custom, she was presented with a silver fork, the presentation speech being made by Mrs. Martha Sininger.

The decorations were all suggestive of time, the colors red, white and blue being used exclusively in the arrangements.

Miss Bernice Floyd will entertain the members of the Kensington club on Thursday evening of this week at her home in East Main street.

Woolson Davis entertained the members of the Dancing club with a dancing party at his home in Elmwood avenue on Saturday evening. Eight couples were delightfully entertained.

Miss Martha Fulton, daughter of Secretary of State W. D. Fulton, of Columbus, is the guest of Miss Mary Sherwood Wright in the Granville road. Miss Fulton, who has just returned from a winter spent at Naples, Fla., is here to attend the Upson-Besuden nuptials tomorrow evening.

The L. C. B. A. will give a card party tomorrow afternoon at 2:30 o'clock in the K. of C. Hall in West Main street.

Miss Lydia McManus celebrated her seventeenth birthday anniversary, Sunday, at her home. She was delightfully surprised by a crowd of her friends. The afternoon was enjoyably spent by games and music, after which a delicious luncheon was served to the following: Margaret Martin, Ethel Devoll, Emma Rhaus, Nellie Hurbaugh, Marie Fenerriegel, Elizabeth Haban, Gigella Laczco, Florence and Goldie Gleckler, Martha Sasser, Helen and Mary Oakleaf and Lydia McManus, Anton Waltzer, Clarence Martin, Bela Rada, Clarence Knerr, William Schwartz, John Hoffer, John Veach, Roy Wagner, Charles and William Glecker, Nicholas Petrovitch and Clarence McManus. Granville

[Special to The Advocate]

Granville, April 16.—Autoists will be glad of the announcement that Cherry street connecting Broadway with the Columbus pike is at length completed. The final surfacing is done and the barriers removed, leaving a clear way for traffic. No more detours in seeking the Columbus road. Main street is in a grand state of upheaval, but will be fine when completed.

The Newark Missionary society has been invited to the April meeting of the Woman's Missionary Organization which will be held Wednesday afternoon in the Baptist church parlors.

Tomorrow the Granville committee of the A. F. F. W. will thoroughly discuss the part Granville women shall take in the "National Defense League." Mrs. J. S. Jones has recently received communications asking her to organize a Granville unit. It is desired that as many as possible be present on this occasion to register their opinion on this subject. Mrs. Margaret J. McCollum, secretary.

The Evanston, News-Index contains the notice of the death of John H. Goetchius, pioneer builder of Chicago, on April 7, following a long illness. Mr. Goetchius was one of Chicago's oldest and most respected citizens. He is survived by his widow, two sons, Frank H. and Harry Boyce, and a daughter, Mrs. Harry S. Lewis, of 1028 Hinman avenue, Evanston, well nown to many Granville and Newark people.

Denison is to have optional military training under the direction of Coach Livingston, who has had previous military experience. He will be assisted by several members of the undergraduate body who have had at least a year of military training. The faculty and student body are fully in favor of the plan of the war department as outlined. The students are enthusiastic for military training. In order to give Coach Livingston the necessary time for military drill work, the faculty has voted to abolish all inter-collegiate and intramural athletics, with the one exception of baseball. The base ball schedule will be carried out as planned for the present at least.

The remaining numbers on the lecture course are: Miss McLaren, dramatic reader, April 23; Spring Festival: Russian Symphony Concert, afternoon of April 28, Oratorio Concert with Symphony, evening of April 28; opera, "Martha," May 18. Consult J. H. Sutton, Sigma Cri house.

The Denison board of trustees will convene on Tuesday and Wednesday of this week for the spring meeting, one of the most important held in recent years. The thirty-six members have been invited to dinner in Shepardson Commons tomorrow evening, as guests of the college.

Dr. H. F. Stilwell concluded a very successful series of meetings at the Baptist church on Sunday evening. There has been a deep interest and the life of the whole church has been quickened. Dr. Stilwell will speak in Zanesville at a men's meeting tonight and will return for the spring board meeting of Denison university tomorrow night before departing for Cleveland.

Milady's Boudoir

The effect of pretty brows and lashes add a positive charm to a plain woman. One poet compared a woman's eyebrows to "little" feathers. Nothing gives the face such a vacant expression as the lack of arched brows, on the human face. Some folks would laugh and say that it is easy enough to blacken them with a brush or pencil.

Penciling the brows to make them appear thick and dark is unsatisfactory, however, for no matter how artistically the work may be done it will surely show upon close inspection.

And don't neglect the very necessary duty of annointing your head with oil. Vaseline has a way of penetrating to the roots themselves, and helps to refill the little oil sacs which nourish the hair. But in rubbing it on be sure you only take a little vaseline on your finger at a time, and rub it in the scalp itself, allowing the smallest amount possible to touch the hair itself.

Eyes are supposed to be the "windows of the soul," whether or not a beautiful pair of eyes really tell soul truths is another matter, but bewildering and mischievious glances shot through a silk eyelash fringe have made history.

Your eyebrows need brushing every day, as well as your hair, although, of course, dust and dirt are washed from them every time you wash your face. However, the blood circulation under the brows need stimulation, so buy a little doll's toothbrush with stiff bristles and use it several times a day. Be careful not to spread the brows when brushing them, for no woman wants them to grow bushy and wide. Always brush toward the center of the eyebrow.

How's Your Blood?

PIMPLES AND ERUPTIONS MEAN BAD BLOOD.

People who have impure or impoverished blood should be careful to take only a vegetable and temperance remedy such as Dr. Pierce's Golden Medical Discovery is and has been for nearly 50 years. Its ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache and constipation.

Get Dr. Pierce's Golden Medical Discovery to-day from any medicine dealer, in tablet or liquid form, or send 10 cents for trial package.

Springfield, Ohio.—"I am glad to speak highly of 'Golden Medical Discovery.' I used it because I needed a tonic. I also had a cough. I had used other remedies which did little good. Then I took 'Golden Medical Discovery' and it helped me to get over the cough and made my health better."—MRS. C. S. WILSON, 717 Broadway, Springfield, Ohio.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated, anti-bilious granules—the smallest and the easiest to take. One little Pellet for a laxative.

Our Boys and Girls

If for any personal peculiarity little ones cannot eat eggs, a little chicken, the white meat of fish or one small chop may be given three times during the week. If, in deciding on any food the question "Why give it?" is asked, instead of "Why not give it?" the problem might be simplified, and before deciding the problem it may be helpful to refer to the following lists.

Food that builds tissue and exclude meats Milk, eggs, chicken, fish, beans, and peas (strained from skins), oatmeal, graham and rye flours, cornmeal, barley, wheat, macaroni, chocolate and good dried fruits.

Cereals also contain much starch, which with a limited amount of sugar supplies heat and energy, and from cereals and green vegetables and fresh fruits are also derived the necessary minerals for the building of good bones and teeth. Thus a varied diet is necessary to secure the required food principles and after their selection they must be presented as well cooked, carefully seasoned and tastily served dishes.

Obituary

John H. Goetchius.

A message from Chicago announces the death of John H. Goetchius, father of Harry B. Goetchius and Mrs. Harry S Lewis, both of whom attended school at Granville in the early nineties. Mr. Goetchius 30 years ago was an active factor in the upbuilding of Chicago and largely responsible for the water front development which made Chicago one of the great lake ports. He also did important railway construction work in Cuba.

Every Day Etiquette

"During what hours should a formal call be made?" asked Mabel, "and if I am unable to attend a luncheon given at a private home should I make a party call?"

"Between the hours of three and six in the afternoon are the formal calling times and you should certainly make a party call after the unattended luncheon," replied her mother.

AN OPERATION AVERTED

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOS. McGEIGAL, 3432 Hartville Street, Phila., Pa.

Guaranteed to Restore Color to Gray Hair

IT is not necessary, not even wise, to have gray hair nowadays. But *don't* use dangerous, dirty, sticky dyes. "Turn Back to Nature."

Restore the uniform color of your hair with the aid of Q-Ban Hair Color Restorer. Thousands have done so and are proud of the result. Years of study by expert chemists resulted in Q-Ban, the one preparation that actually works hand in hand with Nature in banishing gray hair in a healthful way.

You simply apply Q-Ban like a Shampoo, and your hair will resume a natural color, evenly, gradually, safely and surely. Your hair will become soft, glossy, abundant and beautiful. You will look so young, you will be delighted. But beware of imitations as you would of dyes. There is nothing like Q-Ban.

Q-Ban is all ready to use—is guaranteed to be harmless and is sold under the makers' money-back guarantee if not satisfied. It is the only preparation for the purpose so guaranteed. OHIO STATE SLAUGHTERS DENISON BASEBALL SQUAD

Columbus, O., April 16.—Ohio State slaughtered Denison in the opening of the collegiate baseball season Saturday, winning the contest by a score of 16 to 4. Pitcher Lyne, who started the game, lasted one inning and was succeeded by McConnaughey who got by in fair shape in the third, fourth, fifth and sixth inning. Then the bombardment started again and six more runs were shoved across.

SMYTH LOOKS FAST AS UTILITY PLAYER

James Daniel "Red" Smyth.

"Red" Smyth was one of the star infielders of the International league last summer and finished the season with a batting average of .344. He will probably be held by Wilbert Robinson, Brooklyn manager, for infield utility and to help out the brilliant young Fabrique. International league fans declare that Smyth looked better last year than Billy Kopf, with Baltimore, who is now making a large hit with the fans of Cincinnati. Smyth finished well ahead of Kopf both in fielding and batting.

MR. HULL PROVIDES GARDEN TRACT FOR EACH OF TENANTS

Through the patriotism and progressiveness of Eli Hull of West Main stret, more than a dozen families in West Newark will have an opportunity to grow their own garden vegetables this summer. Mr. Hull set aside an acre of ground, caused it to be plowed and prepared for planting, divided it into garden plots and turned it over to more than a dozen of his tenants in that part of the city. Work already has been started to put in the seed.

Not in years has there been such a general demand for garden space and garden seeds. As a general proposition, Newark and Licking county people have taken the government appeal seriously and are endeavoring to do their part in increasing the production of food stuff.

Wall Street.

New York, April 16.—Gains and losses for the most part fractional were quite evenly distributed during today's early dealings, trading being light in volume and of a cautious character. Equipments and munitions of war issues with the several groups of war issues. Rails developed further irregularity, especially coalers, Reading losing half a point with 2 points for Norfolk and Western. This was offset to a degree by the strength of Baltimore and Ohio and Louisville and Nashville. Gas shares were again among the weak features, Peoples Gas losing 3 points. U. S. Steel reacted from its firm opening with similar tendencies in other prominent industrials.

Operations broadened later and pressure became more general. Soft spots were uncovered by the increased selling of professional traders and additional liquidation seem to result from the president's proclamation emphasizing the need of economy and small profits. United States Steel fell 1¾, with 2¼ for Bethlehem Steel, new stock, and 1 to 3 for most industrials and war supply issues. Marines weakened on reports that Great Britain had extended its control over ships of British registry and rails made further concessions. Bonds were irregular with United States government ½ to 1 point lower on call.

Marines were at lowest prices in the last hour, with all other active issues. The closing was weak.

Market leaders were under steady pressure today, events over the week-end creating further pessimism and impelling additional liquidation and extensive short selling. Sales were estimated at 625,000 shares.

Chicago Grain.

Chicago, April 16.—Scarcity of offerings and the eagerness with which they were snapped up hoisted wheat prices today far above previous records. Opening prices which ranged from 2⅛c decline to 1¼c advance, with May at 2.25½ to 2.26 and July at 1.90¼ to 1.90½ were followed by decided upturns all around.

The close was flurried 2⅜ to 11½c net higher with May at 2.35½ to 2.36 and July at 1.99½ to 1.99½.

Corn as well as wheat jumped to new top figures. After opening unchanged to 1¼c higher, the market reacted a little but then scored a general advance well above Saturday's finish.

The close was strong at 2⅜c to 4⅞c net advance.

Oats hardened with other cereals.

Weakness in the hog market had a depressing effect on provisions. Packers were selling.

ARE YOU SPENDING OR SAVING?

Any fool is a good spender, but it takes a wise man to save money.

That there are more fools than wise men is proved by the fact that one-tenth of all the people who die in the United States are buried in pauper's graves.

With a population of 100,000,000 there are 10,000,000 people in the United States who would be hungry in 10 days after losing their jobs.

There are 3,000,000 men with steady jobs and little children dependent on them who have not saved enough to feed their own babies for two weeks.

You can't lift yourself by tugging at your boot straps. Nor can you make much headway in providing for the future if you rely merely upon your salary.

Invest your earnings in Garden Place Addition on Cedar Street Pike, which is just out of the city, within ten minutes walk of city car line.

Have six houses about completed. These houses will be modern bungalows of five rooms, sleeping porch, bath, electric lights, cistern and city water, cellar under the entire house, facing on Garden avenue.

Garden Avenue is forty feet wide, will have cement walks, with a row of elm trees on each side.

One and a half acre lots, the right size for garden and poultry raising, out in the pure air where the sun shines.

An ideal place to live, safe place to invest your earnings, an opportunity to raise your living.

Remember a wish-bone in place of a back-bone will not reduce the high cost of living, neither will it give you a high standing in your community.

Prices and terms on application.

Have you ever enjoyed the sensation of really clean teeth?

You will have that pleasure constantly if you use Senreco, "a dentist's formula."

This discovery of a dental specialist not only FULLY CLEANS—but is particularly destructive to all disease germs in the mouth, especially the germ of Pyorrhea.

This germ exists in practically every human mouth; it causes soft, sore, tender gums which bleed readily, and can in time result not only in loss of the teeth themselves, but its germs may spread through the entire system, producing serious bodily ailments.

TO AVOID TOOTH TROUBLES—
"See your dentist twice yearly
Use Senreco twice daily"

Nerv-Worth Has a Favored Place in Medicine Chests, Just Like Camphor.

"I simply can't do without it," recently declared Mrs. Frank E. Howe, the well known Columbus, O., musician and music teacher. "The very first bottle of Nerv-Worth brought a great improvement in my digestion, while quieting my nerves, and giving me restful sleep. It also gave me a ravenous appetite, with the result that I ate rather too much and this would cause my indigestion to return. But then it was only necessary to take refuge again in Nerv-Worth, for by taking it a few days there was a resumption of good digestion and sound sleep. I have taken several bottles of Nerv-Worth in all and I SIMPLY CAN'T DO WITHOUT IT. I keep it on hand for all emergencies. I have told all my ailing friends about the remedy and they have taken it with grand results.

"MRS. FRANK H. HOWE,"
Columbus, Ohio.

This is a typical statement. All over Nerv-Worth territory the folks are doing just what Mrs. Howe does—keeping Nerv-Worth always on hand, for the same reason Mrs. Howe gives.

At Newark Druggist T. J. Evans sells Nerv-Worth. Your dollar back if it does not help YOU. Ask for the new Nerv-Worth Laxative Tablets. 25c a box. Wonderfully good for stomach, liver and bowels, especially in connection with Nerv-Worth, the Tonic.

The Utica Drug Store sells Nerv-Worth at Utica; the Hebron Drug Store at Hebron; C. S. Howard at Johnstown; W. P. Ullman at Granville.—Advertisement. 4-13-16

EIGHT YOUNG MEN OFF TO CHICAGO NAVAL STATION

Eight of the men who have enlisted in the navy in the past few days left this morning for Chicago to enter the navy training school, where they will remain six months before being assigned to warships.

In the party leaving were F. T. Pritchard, 104 South Second street; F. E. Funck, 394 Andover street; R. W. Mort, 65 Spring street; G. W. McDaniel, 163 Jefferson street; J. H. Lemert, 537 Hudson avenue; C. Stough, F. Kirk, 96 South Pine street; G. B. Minor, 10 Western avenue.

A. Muhleman, of 332 Eastern avenue, who is 23 years old and six feet tall enlisted and was to have gone with the party this morning. But before they left the station, his father appeared and objected strenuously to his enlisting and to his leaving with the party. Rather than cause a disturbance he was released from his enlistment.

The enlistments Saturday were F. A. Funk, of 394 Andover street and H. F. Gragg, of 236 Woods avenue. The recruiting office was kept open all day Sunday and G. B. Minor of Western avenue enlisted.

Another party will be sent to Chicago in a few days. The showing made for enlistments has been very good in Newark in comparison with other towns of the same size. The party will remain in Newark until Tuesday evening soliciting enlistments for the navy.

NEW FLAG FLYING FROM STAFF AT B. & O. STATION

Amid the shreiking of whistles and the clanging of bells a large American flag was fung to the breeze from an iron flagstaff erected in the station park at the B. and O. It was pulled to its position by Willis Sachs and William Streck and Superintendent D. F. Stevens delivered a patriotic address. The Buckeye band then rendered "The Star Spangled Banner" and George H. Mosser, manager of the Chamber of Commerce also spoke. A concert by the band followed. Nearly a thousand people were present at the raising. The flag and staff were purchased by popular subscription of depot employes.

GERMAN ACTIVITIES ARE FOUND IN MEXICO

[ASSOCIATED PRESS TELEGRAM]
Washington, April 16.—Further evidences of German activities in Mexico, spreading anti-American and anti-entente propaganda and exerting German influences upon the Mexican government, are contained in diplomatic reports passing through here to European capitals.

Funds of a number of foreign banks are reported to be in danger. Circluation of any matter at all favorable to the United States or the entente is disapproved by Mexican officials.

ST. JOHN AUXILIARY OF CENTRAL OHIO HELD SESSION HERE

About two hundred women attended the meeting of the fourth district Ladies Auxiliary Knights of St. John which was held at Assembly Hall on Sunday afternoon, with local Auxiliary No. 27 as the entertaining members.

Representatives were present from Lancaster, Logan and Columbus and follwoing a business session in the afternoon, resolutions were adopted pledging "Loyalty to our President, Governor and City Authorities." The meeting closed with the singing of "My Country 'Tis of Thee."

At the close of the business session an elaborate banquet was served by the cateress, Mrs. Gray. The tables were arranged with American flags, and cut flowers and among the speakers were District President, Mrs. Ellen Radebaugh, Rev. Father B. M. O'Boylan, Rev. Father Spangler, Rev. Father C. H. Watterson. Music was furnished during the banquet hour by Miss Margaret Winters.

The guests of honor at the banquet were Rev. Fathers O'Boylan and Spangler, of St. Francis de Sales Parish; Watterson of the Church of the Blessed Sacrament and Mr. Charles O'Boylan of Columbus, brother of Father O'Boylan.

W. P. COSNER BUYS BORING GROCERY AT CHURCH AND NINTH

A deal was closed on Saturday whereby William L. Cosner of West Main street, purchased the R. W. Boring grocery, West Church and Ninth streets. The deal included the purchase of the building as well as the stock. Mr. Cosner until the past few weeks has been a member of the grocery firm of Ellerman & Cosner in West Main street but the partnership was dissolved. D. J. Connolly will continue in charge of the meat market. Mr. Cosner took possession today.

MONSTER CROWD AT FLAG RAISING AT BOTTLE PLANT

An immense crowd attended the flag raising at the plant of the American Bottle company on Sunday afternoon at 1 o'clock. The employes, speakers, Buckeye Band, and members of the Old Guard and drum corps assembled on the square and paraded to the plant.

Bunting covered trucks carried many of the employes and twelve little girls assisted in the raising of the flag. Patriotic songs were sung and addresses were given by Charles L. Fiory and Attorney C. W. Montgomery.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated Give "California Syrup of Figs."

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children its different. Mothers who cling to the old form of 'physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainy on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advt.

GERMAN ALLIANCE PRESIDENT QUITS CLEVELAND BOARD

Cleveland, April 16.—Herman Fellinger, president of the German-American Alliance today resigned from Mayor Davis' war board as a result of the sensation he created on last Saturday when a meeting of the board came to an abrupt and disorderly close following Fellinger's assertion that German-Americans would not join in the intensive farming movement on the ground that it would help Great Britain and her allies.

COMMISSION FROM GREAT BRITAIN TO ARRIVE WEDNESDAY

Washington, April 16.—It was announced today that President Wilson would receive the British commissioners coming to discuss conduct of the war, at the White House on Wednesday. Foreign Minister Balfour heads the commission.

It also was announced that the president would receive the French commissioners on the same day if they have then arrived in the country. The French commission includes Former Premier Viviani, General Joffre and other distinguished Frenchmen.

Both sets of commissioners will be formally welcomed to the country by official delegations representing the army, the navy and the civil department of the government. Elaborate preparations have been made for their entertainment.

BROMLEY SERVICES

(Continued From Page 1)

that of the previous evening and the even temperature kept everyone in a good attitude to enjoy every word of the thrilling sermon.

Self-righteous ones "got it in the neck," the very first thing on the program. "Too many of our church workers are self-righteous," said he. "Without Christ you can do nothing. Many of these self-righteous members remind me of a crawfish shell, allright when casually glanced at, but empty on closer inspection. Christ controls the fountain of a man's abilities. It is a great mistake to imagine that we are self-sufficient in knowledge of Christianity."

Family prayer as a means to accomplish closer communication with God was next suggested. "How many of you read the Bible and pray every morning?"

The lack of co-operation in God's service was deplored. "There is too much mechanical life in the church of today," declared the speaker. "It reminds me of a Punch and Judy show. Religion is much too theoretical. We're doing only about our best and letting it go at that. It's a case of get the horses pulling together or unhitch 'em!"

Yesterday was a big day for the Bromley party. Twelve different services were held during the day in and around Newark beside four big committee meetings.

Evangelist Bromley expected to address a committee of men in the afternoon but so many turned out that the evangelist preached a sermon instead.

Miss Ditzell addressed a meeting of women in the First Methodist church and the edifice was packed to the doors for this meeting. The gallery was filled as was the choir loft.

At 6.15 o'clock a young people's meeting was held in the Central Church of Christ and there was a big attendance. Miss Fetterolf addressed the young people and seats were reserved at the tabernacle for them. After the service in the church, they marched to the tabernacle in a body.

The song service at the tabernacle started before 7 o'clock last night and the edifice was well filled by 7:30 o'clock.

Today is rest day for the Bramley party and there are no meetings scheduled except a shop meeting held at 12 o'clock at the Heisey plant by Miss Ditzell.

A delegation from Zanesville attended the services yesterday and made arrangements for an excursion from that town a little later in the campaign.

Nine shop meetings have been scheduled for this week, including the one today. They are as follows:

Tuesday, 11:30—Golf Works. 12—Halter Factory. Rev. S. B. Goff in charge of both assisted by Rev. Mr. Ortt.

Wednesday, 11:45—Rolling Mills, Rev. S. B. Goff. Rev. Mr. Sparks and Rev Mr. Tullis. 12:20—B. & O. shops, W. W. Shannon. Rev. Mr. Hazlett and Rev. Mr. Stull. 12:15—Yaus Cigar Factory, Miss Fetterolf and Rev. Mr. Ortt.

Thursday, 12:00—Jewett Car Works. W. W. Shannon, Rev. H. J. Duckworth and Rev. J. A. Lytle. 12:00—Midland Shoe Company, Miss Ditzell, Revs. M. R. White and A. B. Cox.

Friday—Heisey Factory, W. W. Shannon, Rev. R. E. Carman and J. E. Walters.

Tomorrow morning the cottage prayer meetings will be held throughout the city and a large number have been scheduled.

At 2:00 o'clock tomorrow afternoon a meeting is scheduled for Hanover and another one at Black Hand. W. W. Shannon will have charge of these meetings.

Rev. B. H. Shadduck, the advance man, who made the preliminary arrangements for the campaign in Newark, has left the field now, as his work is completed.

Beginning tomorrow afternoon at 2 o'clock preaching service will be held in the tabernacle every afternoon with the exception of Monday. Rev. S. B. Goff, the assistant evangelist, will have charge of these services. Charles H. Wieand will have charge of the music and he is arranging for special musical numbers each afternoon.

After the service tomorrow afternoon Miss Rose Fetterolf will organize a Bible study class and will give her first lesson. The subject tomorrow will be "How to Study the Bible."

The Bible study class will consume a half hour and it will be followed by a meeting of the boys and girls chorus that was organized on Saturday afternoon. This chorus will be composed of 1,000 boys and girls and will sing on special occasions.

A business women's luncheon will be held tomorrow at 5:45 in the Plymouth Congregational church and the prayer meeting committee will meet in the First M. E. church at 7 o'clock and come to the tabernacle in a body.

There will be regular preaching services tomorrow evening in the tabernacle.

Saturday afternoon one thousand boys and girls attended a meeting at the tabernacle. Miss Rose Fetterolf, until this campaign with the Sunday evengelistic party, had charge of the meeting and at the close of the talk she gave an invitation and there were 112 boys and girls who hit the trail. This was the first trail hitting in the campaign. The boys and girls who did come forward were used as a nucleus for the booster chorus which was formed by Charles H. Wieand.

The following is the schedule of meetings for the Bromley Party for tomorrow:

9.00 A. M.—Cottage prayer services.

11:30 A. M.—Shop meeting at the Golf Works.

12:00 M.—Shop meeting at the Halter Factory, Rev. S. B. Goff in charge of both.

2:00 P. M.—Meeting at Black Hand and Hanover, with W. W. Shannon in charge.

2:00 P. M.—Preaching at the tabernacle, Rev. S. B. Goff in charge.

2:45 P. M.—Bible study class at the tabernacle. Miss Fetterolf in charge.

3.30 P. M.—Booster chorus at the tabernacle, C. H. Wieand in charge.

5:45 P. M.—Business girls luncheon at the Plymouth Congregational church.

7:00 P. M.—Neighborhood prayer meeting committee in the First M. E. church.

7:00 P. M.—Meeting of the publicity committee at the tabernacle.

7:30—Preaching services at the tabernacle. Personal workers meeting following the preaching service.

At the request of some of the school teachers, Miss Rose Fetterolf will hold a Bible study class for teachers each Wednesday afternoon at 3:45 o'clock in the Sunday school room of the First M. E. church.

The division leaders will meet tomorrow evening at the Central Church of Christ at 7 o'clock.

The tarnsportation committee of the Bromley campaign reported yesterday that it had arranged with the Ohio Electric Railway to have the cars parked on the switch at West Main street to take care of the crowds after the services, these cars to run through without transfer to West, North, and East Newark.

All local interurban cars will stop at the high school in West Main street to discharge passengers, between the hours of 2 and 10 p. m. every day with the exception of Monday and the stop will be announced in the cars as Bromley tabernacle.

LIVING ON YOUR NERVE

Everybody has a store of nervous energy. When work or worry without sufficient rest exhausts this store a condition results that medical men call neurasthenia.

It is commonly met with in those who have had keen anxieties, as those who have cared for sick relatives, business men who worry over their affairs and neglect to take vacations. Women who are too active socially, anyone who has too much excitement and too little rest may show the symptoms.

The complexion becomes pale, you imagine unpleasant things, your brain insists on working when you want to go to sleep. Sometimes you are melancholy. Things that used to please you no longer do so. Constipation is usually present. You worry about yourself and your work and cannot forget your anxieties.

No doctor can cure neurasthenia. You have to do it yourself. The first thing is to write to the Dr. Williams Medicine Co., Schenectady, N. Y., for the booklet on the home treatment of nervous disorders. If you want to start the treatment before the book comes get a fifty-cent box of Dr. Williams' Pink Pills from the nearest drug store and follow the directions carefully.

ANNUAL DINNER WILL BE HELD EARLY IN MAY

John F. Lent, prominent business man and president of the Pittsburgh Commercial Club, will be one of the two out-of-town speakers at the annual dinner of the Chamber of Commerce in the Masonic Temple, Thursday night, May 3. Mr. Lent is also president of the Lent Traffic Company and an instructor of traffic and transportation in the University of Pittsburgh. He is a strong, forceful speaker and in the past year has addressed a number of the largest commercial organizations in the country.

The dinner is to be an even bigger affair than the Thompson dinner. The Blue Book, or annual report, will be completed and copies will be placed on each plate. This will do away with the reading of long reports and the time will be given to inspirational speaking and singing. A strong vein of patriotism will feature the affair.

The "Minute Men" who served the last dinner so quickly and acceptably will again be on the job. Already they are making their plans The acceptance of the second big speaker is expected the coming week.

PRINTING MEMBER LIST OF CHAMBER OF COMMERCE

The Chamber of Commerce office force is busy paying bills and closing the work of the first year. The Blue Book is now on the press, save for that section which includes the names of members and firms in good standing. Because of the request of a few delinquent members, who desire to be mentioned in the book, the list will be held for a few days next week until they have time to pay up their back dues. The committee in charge desires to give all delinquents an opportunity to be recorded, but must place a time limit to give the printer a chance.

Early next week a letter will go out to all the members containing statements for the second year's dues. A number of members already have sent in their checks and are receiving the handsome new visiting cards with the names of 150 cities with which the Newark Chamber exchanges courtesies. These cards are of much value to members when traveling from home.

Lower Shoe Costs Not In Sight

—Service in a shoe store is something more than having a clerk take a pair of shoes from the shelf and put them on your feet.

—To us it not alone means fitting customers properly, but keeping them informed as to style and price changes also. And so we feel it our duty at this time to tell you that indications point to a continued scarcity of leathers and the possibility of still higher prices.

—We have no further object in telling you this, than to advise those in need of shoes to take advantage of the low prices that prevail here now, rather than to wait a little longer and perhaps be obliged to pay for further increased costs in "GOOD SHOES."
